The Youth Participant Internship Process

Family Partnership receives a Federal grant called the Workforce Innovation and Opportunity Act (WIOA) from Frederick County Workforce Services, which allows Family Partnership to place an intern on Frederick County payroll as a temporary part-time non-benefited employee, and pay a fair wage for this internship experience. (Therefore, the intern is considered a “volunteer” by the worksite, and a “paid intern” by Family Partnership).

1. Intern participants are selected by Family Partnership Staff, as a reward for excellent center attendance, achievements, progress, attitude and work ethic
2. Résumé writing and mock interview preparation by Family Partnership prior to the internship
3. Family Partnership makes initial contact and inquiry to specific and appropriate potential worksites
4. Formal interview is conducted by a worksite supervisor at the worksite & any internship offer/rejection decision, is made by the worksite
5. Work schedule is developed jointly with the worksite and the intern (Internship is for 12 weeks and for no more than 24 hrs. per week)
6. A brief worksite agreement documenting responsibilities of worksite, intern, and Family Partnership agreed to, and signed by all parties
7. Family Partnership handles all Human Resource, Payroll, Insurance, Workers Compensation and timekeeping responsibilities.
8. Family Partnership will communicate to the worksite, any known criminal convictions disclosed by the intern on the County Application
9. The worksite will notify Family Partnership of any required testing, immunizations, or background checks needed by the worksite
10. Bi-monthly time sheets are signed by the worksite supervisor, (or delegate), and the intern; and submitted by the intern to Family Partnership on county payroll schedule
